

**THE METROPOLITAN WATER DISTRICT
OF SOUTHERN CALIFORNIA**

Addendum No. 1

**REQUEST FOR PROPOSAL TO PROVIDE
OCCUPATIONAL MEDICAL MOBILE SERVICES AND
OCCUPATIONAL CLINICAL SERVICES**

RFP NO. 935

To all prospective respondents to Request for Proposals (RFP) No. 922, for which proposals are to be received by The Metropolitan Water District of Southern California (Metropolitan), at its Offices, 700 North Alameda, Fifth Floor, Room 5-113, Los Angeles, California 90012, until 3:00 p.m., **February 17, 2010.**

I. The information given in Addendum No. 1 are official responses to questions submitted by prospective respondents for clarification, and are hereinafter incorporated into Request for Proposals (RFP) No. 935.

II. Questions asked and answers given:

Q1 Are you able to provide the physical addresses of each Metropolitan Site that will require Mobile Health Services?

A1 **Yes, please see, Exhibit E, attached.**

Q2 Are you able to provide the employee count for each site?

A2 **Yes: We have a total of 1940 employees**

Eagle Rock = 20

Diemer = 83

LaVerne= 406

Iron Mtn = 28

Mills= 83

Sacramento = 18

Jensen= 82

Gene Cap = 110

Soto street=33

DVL = 39

Hinds = 11

Mathews = 51

DC= 2

Skinner = 80

Union Station=879

Egle Mtn = 11

Sunset Building = 4

Q3 Are you able to provide the number of clearance exams for each site/type of clearance (i.e. Hearing Conservation, Respirator Clearance, Silica/Asbestos, etc). This will assist us with the staffing model requirements and number of days needed to complete the exams.

- A3 470 – Hearing Tests annually (approximate numbers)**
440 – Respirator Exams Annually
140 – Commercial Driver Exams
120 - Vanpool Driver Exams
We perform exams at 12 sites twice a year. 30- 35 respirator exams & 20-25 Hearing tests are performed at each visit. Driver exam vary.
- Q4** Are you able to provide the shift hours for each site?
- A4 6:00 a.m. to 4:30 p.m. - We prefer to start at 6:00 a.m. at all sites due to the nature of their work.**
- Q5** In Section 2, page 8, it states..."Exam components may include the following..."
Are you able to provide your requirements for each clearance type? For example, a physical exam is NOT required for Respirator Clearance per OSHA/CAL OSHA, but your company policy may require testing components above and beyond the standard. I am also referencing Page 10 with the list of potential clearance exams and/or potential exposures.
- A5 Our consulting physician has determined the exams required for each category of respirator wear. For example: if a respirator wearer's job is sandblasting, or welding, the exam would include a History, PFT, UA, blood Lead, & B-Reader x-ray at Drs discretion. All exams are assigned a code, and each code corresponds to a particular exam component.**
- Q6** Typically, Concentra Mobile Health Services will review the OSHA questionnaires in advance and determine if additional testing is required (X-ray, Physical Exam, EKG, etc). Is this acceptable?
- A6 Yes.**
- Q7** On p. 11 of the RFP, #3, "In addition to the required testing frequencies of 400 hz, etc....." I believe this is a typo. The standard frequency is 500 hz. I am not familiar with testing at the 400hz level. Please clarify, thank you.
- A7 You are correct. It is a typo. It should be 500 hz.**
